

# KURSK

*Kursk*, the greatest tank battle the world has ever witnessed, is recreated in a highly detailed game-system that incorporates all the vital elements of the battle — from movement and attack modes to anti-tank units and artillery barrages, from air support to Soviet partisans and German *Kampfgruppen*. Three scenarios capture all the battlefield action on a 22" x 34" map, with 600 cardboard playing pieces to represent the opposing forces.
