

The following Order of Battle Rosters are not strictly necessary to play the game (see Rule 20.1), but are provided for those who wish to have an easy method of tracking of their losses since casualties do count toward Victory Points (see Rule 26). The ammo boxes for artillery batteries are, however, required (see Rule 20.6) and are also provided for player convenience. There is also a box to track Sigel’s (Union) “Detached” status (see Rule 21.2). Created by Lee Enderlin.
